

SANT SINGAJI INSTITUTE OF SCIENCE AND MANGEMENT

VOLUME I, ISSUE II

MARCHING AHEAD

SSISM team is marching ahead towards the vision of socio-economic development of the area. We have successfully launched many initiatives and steps towards making this vision a reality. In this newsletter we have highlighted some of the initiatives taken and also the upcoming initiatives to be taken.

The rural youth of India has special education needs due to the weak educational background they have and we specifically are trying to fill the GAP between education provided by universities which is mainly meant for the people with solid secondary education usually available to youth of cities.

Some of the main initiatives which we have launched during these months are Mission 100%, Babulal Ji and Shanta Makharia Training Institute, Free computer

education for the rural population, Scholarships for meritorious students and many more which are related to bringing a change in the approach towards the education from the rural population. You will get to know more about them in this news letter, these initiatives were received very positively by

the youth and were very successful in changing the persona of the students and bringing a positive outlook towards their own career and development.

These Initial signs encourage us in moving towards our aim and gives us more courage and strength to remove the bottlenecks and fight with the problems. Support from various people is ongoing and is required for making this a success so please keep the encouragement and support flowing!!!

SANT SINGAJI INSTITUTE OF SCIENCE AND MANGEMENT

Activities

Mission 100%

Exam time blues were whisked away by team effort and helping each other, The idea was to take the class of 100% pass result to Kullu Manali, and it worked like magic, classes developed team spirit and they starting helping each with notes, coaching also the attendance in classes increased almost to 100%.

Ethnic Day, Rangoli Competition, Dandia, Poster Competition, Nutrition day , Birthday Celebrations, Teachers Day, 26th January, Sports Week etc. Hand Made Greetings were sent to the donors.

Activities

SAP Sponsored Computer Centre

We have already received support from SAP Labs Bangalore  (www.sap.com) and developed a Computer Centre at SSISM for the rural people, this center will be utilized for various purposes

1. Rural information Centre
2. Teaching Computer skills tot rural youth and people
3. Tele-Medicine Centre

This center will touch approximately 10000 lives in coming days.

Because of the phenomenal response we have decided to extend the computer center facilities beyond normal working hours. It is now open from 4.00 - 6.00 PM every evening. From school going students as

First Batch of Rural Students

young as class 4th to farmers, village priest & local tea shop owner everybody is showing great enthusiasm to be a part of the computer literacy program. Along with the learning, we are evaluating them as well on their performance.

The demand for these classes is so high that we have to say no to people and schedule them to attend these classes later.

Babulal Ji Makharia & Shanta Makharia Vocational Skills Center

With support from our mentor & guide Shri Kailash Ji Makharia, we have laid the foundation of “Shri Babulal Ji Makharia & Shrimati Shanta Makharia Institute for Vocational Skills”.

A vocational skills training center at Sandalpur is aimed at serving multiple goals that benefit various stakeholders in the region, these stakeholders are primarily

- SSISM Students.
- Graduates/Semi-Educated and Un-employed
- Un-educated and Un-employed
- Re-skilling of already employed

The vocational training center at Sandalpur aims to provide life skills and other technical skills for the above stakeholders to earn a living. This vocational training will be imparted in collaboration with Unnati an NGO based out of Bangalore, Unnati (www.unnatibl.org) provides high quality content for training. Partnership with Unnati also allows for students at the SBSM- Vocational training center to be provided medium to high paying jobs depending on the participants skills and attitude.

Kailash Ji & Jyoti Makharia Ji

First Batch of BSM January 2012

SBM-SSM will use the criteria set-up by Unnati for enrolling students as it is a proven methodology for last 8 years with a 100% placement record. More details of the Unnati methodology is given as below. This center is expected to touch the lives of 10,000 – 15,000 individuals residing in an around Sandalpur over a period of next few years, based on as and when each of the services are made operational.

The most immediate short term impact of training the students and young graduates for vocational training will touch 1000+ youth.
