SHRI SANT SINGAJI EDUCATIONAL SOCIETY
EMPOWERING RURAL YOUTH

Message from the Founders

Leadership Messages

Dear Friends,

At Sant Singaji Institute of Science and Management (SSISM), each year we take a step closer to fulfilling a dream – the dream of transforming rural lives through meaningful, accessible, and value-driven education. The academic year 2024–25 has been a landmark year in this journey.

We proudly laid the foundation for **Sant Singaji Engineering College**, a dedicated initiative focusing solely on Computer Science and IT education. This expansion is more than just infrastructure; it is a leap forward in preparing our students for the digital future, right from the heart of rural India. Our broader vision is to create a **complete rural ecosystem** that fosters both **social and economic progress**. A **school**, a **college**, a **business park**, and a **hospital** working in synergy will form the backbone of a **self-sustainable rural society**. I am proud to say that we are very much on track.

In parallel, our software development wing has continued to innovate, creating real-world solutions like a Telehealth platform and integrating practical tech training for our students. Our mission was never just to educate but to empower – to instill confidence, skills, and purpose in every student who walks through our doors.

None of this would have been possible without our students' belief, our team's tireless efforts, and the goodwill of those who continue to stand by us in this ambitious journey.

We look forward with hope, humility, and an unshakable commitment to creating an inclusive future built on education, technology, and community.

Warm regards

Mr. Pranjal Dubey
Founder
Shri Sant Singaji Educational Society

SHRI SANT SINGAJI EDUCATIONAL SOCIETY
EMPOWERING RURAL YOUTH

Message from the CEO

Leadership Messages

Dear Friends,

As CEO of SSISM, I have the privilege of witnessing the quiet revolution we are nurturing every day – young minds in remote villages taking bold steps toward knowledge, innovation, and social change.

This year, our emphasis was on deepening digital capabilities, raising academic benchmarks, and bridging the rural-urban divide with skill-based education.

From launching value-based education sessions to enhancing placement readiness through LinkedIn and Upwork trainings, we are reimagining education with relevance and responsibility.

We also recognise our challenges – financial limitations, professional skill gaps, and infrastructure bottlenecks. Yet, these only strengthen our resolve and we continue to work with honesty, passion, and care to overcome them.

To all students, parents, team members, alumni, and partners – thank you for being part of this journey. The road is long, but the path is clear.

Sincerely,

Prashant Sharma
CEO
Singaji Educational Society

Institutional Profile

Our Vision

To provide accessible, value-driven, and affordable education to the underserved youth of rural India, empowering them with the knowledge, skills, and character needed to lead meaningful lives and contribute to society

Our Mission

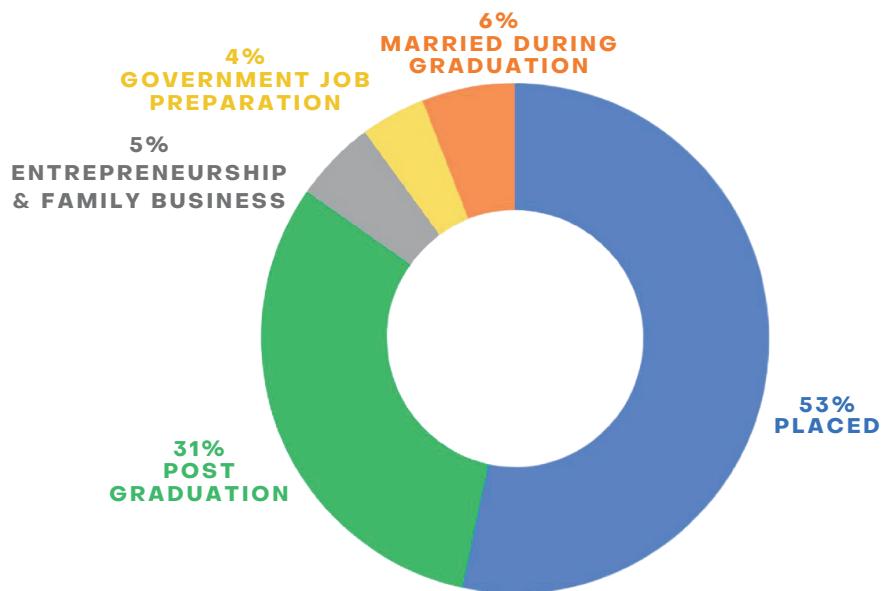

To develop a holistic rural ecosystem that fosters social and economic transformation through education, health, technology, and entrepreneurship.

By creating this integrated ecosystem in Sandalpur and surrounding regions, SSES aims to become a national example of how grassroots educational movements can power long-term rural development.

Empowering Dreams Transforming Futures

Singaji Nivedita Scholarship (For Girls) & Singaji Vivekananda Scholarship (For Boys):

These scholarships nurture deserving youth from underprivileged backgrounds to become confident, capable changemakers.

Selection Summary (2025–26):

In the academic year 2025–26:

1,000+ students appeared for the scholarship exam.

205 were shortlisted for interviews,

151 completed the due diligence process, and finally,

65 deserving students were selected for the Singaji Scholarships

— *empowering the next generation of changemakers.*

Scholarships

• Dr. Debolina Dutta (professor 11M, Bangalore) & Ms. Priyanka Sharma (Research Program Manager – Meta, US) donated Laptops to the students.

• Consero Solutions India Pvt. Ltd., Bengaluru, sponsored 8 laptops to empower rural students

• GiveInternet.org (US) and Sama Digital Foundation, (pune) sponsored 10 laptops for lifetime use and one year of internet access

• Small Step Foundation, USA, sponsored 16 laptops to support the education of rural students

A detailed elaboration of the
4 Pillars of SSISM Philosophy:

SSISM Pillars of Education

1. IGNITE DREAMS
(सपनों को जगाना)

We spark ambition in students from rural backgrounds.

Through motivational sessions, alumni stories, and exposure visits, we help students dream beyond boundaries—toward higher education, entrepreneurship, and public service.

Impact: They start setting bold goals and believing a better life is possible.

2. GIVE CONFIDENCE
(आत्मविश्वास देना)

We turn hesitation into self-belief.

Through mentoring, personality development, and a supportive environment, students find their voice and the courage to shape their future.

Impact: They begin to lead, speak up, and take charge of their lives.

3. GIVE PRACTICAL EXPOSURE
(व्यावहारिक अनुभव देना)

We connect classrooms to the real world.

From internships to live projects and digital skill-building, we equip students with hands-on experience that employers value.

Impact: They become job-ready, capable, and confident in applying knowledge.

4. CREATE ROLE MODELS
(आदर्श व्यक्तित्व तैयार करना)

We nurture leaders who uplift others.

By fostering leadership and encouraging community service, our students become changemakers who inspire entire villages.

Impact: They break cycles of poverty and pave paths for others to follow.

JOB/INTERNSHIP

SSISM Learning Models: MEG, BEG and ITEG

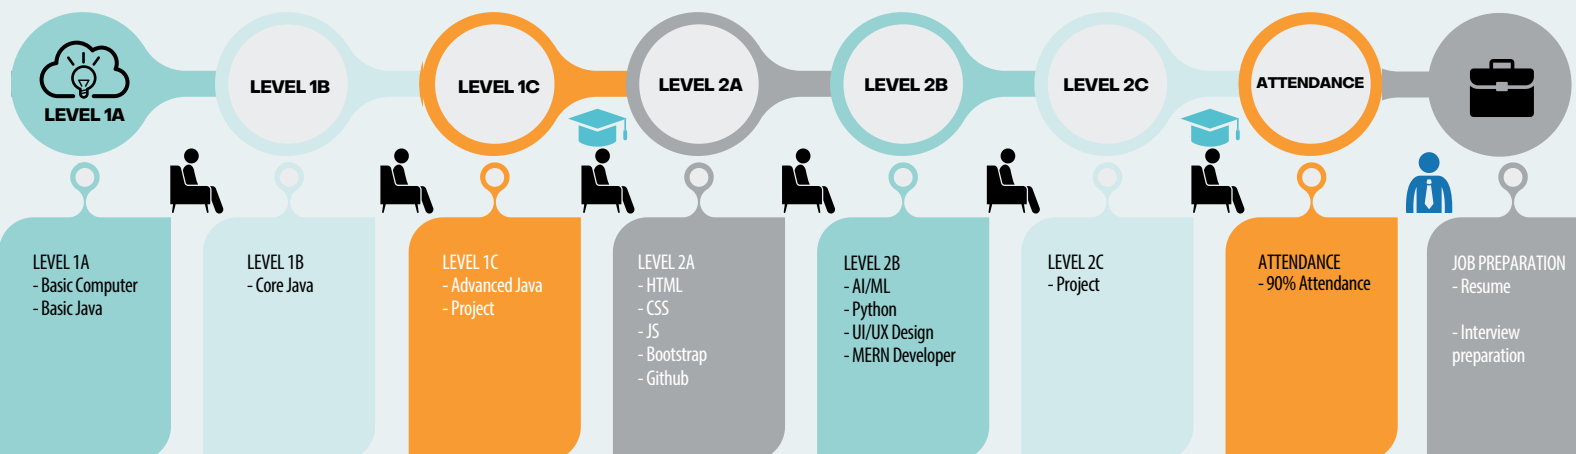

MEG – Management Excellence Group Includes students from: BBA | B.com.

BEG – Biology Excellence Group Includes students from: BSc (Biotechnology), BSc (Microbiology)
This group generally has a higher ratio of girls.

ITEG – IT Excellence Group Includes students from: BCA

About SSISM:

14

A 14-YEAR-OLD RURAL TRANSFORMATION MOVEMENT

Founded in 2010, Sant Singaji Educational Society (SSES) has grown from one college in Sandalpur into a powerful hub of education and change—opening doors to opportunity, dignity, and growth for thousands of rural youths.

4096+

4096+ RURAL YOUTH EMPOWERED

Through focused education, training, and community engagement, SSES has empowered 4,096+ students with knowledge, skills, and the confidence to dream big—while staying rooted in their communities.

Institutional Highlights & Impact

2000+

2000+ STUDENTS SUCCESSFULLY PLACED

Over 2,000 SSISM students have secured jobs in IT, finance, education, and social sectors—many as first-generation earners, uplifting their families and entire communities.

INDUSTRY-FOCUSED CURRICULUM

SSES designs industry-relevant programs that go beyond textbooks – blending emerging tech, real-world cases, and career tools like LinkedIn, Upwork, mock interviews, internships, and soft skills training.

7

SEVEN IT COMPANIES FUNCTIONING ON CAMPUS

Seven IT and software firms now operate on campus—offering internships, jobs, and live labs for learning. Run by alumni and senior students under faculty mentorship, they bridge education and employment.

Institutional Highlights & Impact

POWERFUL INDUSTRY NETWORK

Over the years, SSES has built a strong network of industry leaders, alumni, and mentors who support curriculum, lectures, mentoring, and placements—partnering with companies in Indore, Bangalore, Pune, Mumbai, Hyderabad, and beyond to boost student job-readiness.

Financial Overview

Infrastructure Development at SSISM

- Key infrastructure completed for academics and activities
- Dedicated sports ground built for fitness and team spirit
- Smart classrooms, labs, and library upgraded
- Campus safety and cleanliness enhanced for a secure environment.
- Hostel facilities for students

We are deeply grateful to Walvoil Group for their generous support in completing two floors, classrooms, and exterior painting at SSISM—creating a stronger learning environment.

Future Plans

A New Model for Engineering Education

- Curriculum aligned with industry trends
- Mentorship and real-world insights
- Workshops, guest lectures, and live projects
- Practical, job-ready skill development

At our engineering college, a future-focused curriculum—shaped with guidance from a Council of Mentors from SAP, Meta, Microsoft, and other tech leaders—bridges academics and industry.

This partnership nurtures engineers who are not just job seekers but future innovators and leaders.

SHRI SANT SINGAJI EDUCATIONAL SOCIETY
EMPOWERING RURAL YOUTH

Acknowledgements

We extend heartfelt gratitude.

TO EVERYONE WHO HAS SHAPED OUR JOURNEY.

To our donors, alumni, volunteers, and NGOs—thank you for your unwavering support and generosity in transforming lives.

To our academic and industry partners—your collaboration and trust continue to expand our learners' horizons.

To our faculty, staff, students, and parents—your dedication and belief drive our mission forward.

Thank you for being an integral part of this transformative journey.
